Boban Atanasijevic

SENIOR FULL STACK DEVELOPER

Arilje, Serbia | +381 658365708 | bobanatanasijevic94@gmail.com

Summary

A highly motivated developer with a Bachelor's degree in Computer Science and a strong foundation in **JavaScript**, **React.js**, and **Next.js**. Proficient in working with **SQL databases**, designing schemas, and writing queries. Seeking an opportunity to contribute to a dynamic team while enhancing my technical skills and solving real-world problems.

Experience

Interactive Technology, LLC | Software Engineer   06/2022 – 07/2024
- Developed highly scalable web applications using **React.js** and **Next.js**, creating dynamic, responsive user interfaces and optimizing performance.
- Collaborated with backend teams to integrate **RESTful APIs** with front-end applications, ensuring smooth data communication and synchronization.
- Designed and managed relational databases using **SQL**, writing efficient queries for data retrieval and manipulation.
- Implemented responsive, mobile-first designs that ensured compatibility across devices and improved user experience.

Divio AG | Full Stack Developer   05/2021 – 04/2022
- Led the development of web applications using **React.js** for frontend and **Node.js** for backend, ensuring seamless integration of user-facing elements and backend services.
- Worked with **SQL databases**, creating complex schemas and writing optimized queries for improved performance.
- Integrated third-party APIs and ensured secure and efficient data handling across the platform.
- Participated in team-based development, following version control best practices using **Git** and working in an Agile environment.

AKASA | Mobile Application Developer   09/2019 – 02/2021
- Designed and developed mobile applications using Kubernetes. React Native, ensuring cross-platform compatibility.
- Built secure, high-performance backend APIs using Node.js to serve mobile applications.
- Integrated MongoDB for seamless data storage and retrieval, optimizing application performance.

Fashwell AG | Front End Developer   05/2017 – 06/2019
- Developed responsive and interactive user interfaces using **React.js**, with a focus on performance optimization and cross-browser compatibility.
- Integrated **RESTful APIs** with the frontend, allowing for real-time data updates and improved user interaction.
- Assisted in database management using **SQL**, writing queries to support data-driven features within the web applications.
- Collaborated with designers and developers to implement responsive design principles and mobile-first development practices.

Education

University of Belgrade, Serbia   04/2017
Bachelor of Technology - BTech

Technical Skills

- **Languages:** JavaScript, TypeScript, HTML5, CSS3, SQL
- **Frontend:** React.js, Next.js, Vue.js, Bootstrap, SASS
- **Backend:** Node.js, Express.js, Django, RESTful APIs
- **Databases:** MySQL, PostgreSQL, MongoDB
- **Version Control:** Git, GitHub, Bitbucket
- **Tools & Platforms:** Figma, Webpack, Babel, Jenkins, Firebase
- **Cloud Services:** AWS, Firebase, Heroku
- **Other:** Responsive Design, Mobile-First Development, Agile Methodologies

Soft Skills

- Excellent problem-solving abilities and strong attention to detail.
- Collaborative team player with a passion for learning new technologies.
- Strong communication skills, able to work effectively with both technical and non-technical teams.

Languages

Serbian   English   Chinese
